History of original corner establishment:

SE 1/16 Section corner, not established previously.

Description of corner evidence found:

Established by steel monument between 1/16 section corners
established in 1960. Dependent, survey of 1960.

Note -- Only the NW and the SE section corners were found by the survey of
1960. Hence all a and 1/16 corners to the exterior of the section were set at
evenly spaced distances along the section lines. The north and south or east and
west lines connecting outside corners can be evenly proportioned to locate any or
all interior corners.

Description of monument and accessories | established to perpetuate the
original location of this corner

Monument consists of a 2 1/2 inch brass disk welded to the top of a 2 inch
galvanized iron pipe, a approximately 30 inches in length, buried approx-
imately 20 inches in the ground with a mound of rock set around the base.
Flat piece of steel is welded to the base of the monument.
