Michael Sprague County Surveyor

of Grant Co Oregon July 13 1911

Bates Ranch Thursday July 13 1911

Grant Co Oregon Sec 10 Town 13S Range 34E

Testimony of J W Bates concerning the
original position of N E corner of Sec 10 the same being
the S W corner Sec 10 T13S R34E

Mr Bates being sworn testified as follows

I first saw that corner 17 years ago last fall

Mr West Arnold first showed it to me

Mr Arnold having taken this place some time before

this place being in Sec 10

He told me he was present when the Surveyors first
set that corner and it had never been moved

This corner is not now where it was but has
disappeared. The last time I saw it

was about 17 years ago to the best of my recollection

and beside the old corner and the post is

there yet. And I heard a fine horse from this

corner a North by North and another looking

South by South. Section corner being exactly in the

center of the corner
