

CERTIFIED RECORD OF LAND CORNER MONUMENTATION

Refer to: Plat of Wilson 1985 Cadastral Survey
Sections 2&3, T.7S., R.26E., W.M.

A-15

History of original corner establishment:

Aaron F. York, under G.L.O. contract number 309, dated Nov. 18, 1878, surveyed the north line of T.7S., R.26E. He set a stone 21"X 13"X 9" and raised a stone mound at the corner.

Edward W. Sanderson, under G.L.O. contract number 368, dated Sep. 7, 1880, retraced York's line and at this corner found a stone 12"X 12"X 5" in a stone mound.

Description of corner evidence found:

I found a Pine stub, 11" dia., with scribing visible on a SEly facing blaze. Unrecorded BTs from York's work under contract number 309 have been reported in this township by Edward W. Sanderson, 1880 and PLS 346, 1979. PLS 1910, 1982/1983 has reported numerous unrecorded BTs in T.7S., R.24 and 25E. originally surveyed by York under the same contract. Based on its appearance, I accept this stub as also being an original unrecorded BT marked by York.

Description of monument and accessories I established to perpetuate the original location of this corner:

At the intersection of the line through the two original corners immediately to the west and the direction of the blaze, I set a 2 1/2"X 30" alum. pipe with a 3" alum. cap containing a magnet and marked:

T6S R26E
 $\frac{1}{4}$ S3
T7S R26E
PLS 1832
1985

From which:

The original Pine stub, 11" dia., N44 1/2°W, 17.5 ft.; marked: 1/4 S

A Ponderosa Pine, 7" dia., S60°E, 71.7 ft.; marked: 1/4 S3 BT
A Ponderosa Pine, 6" dia., S42 1/2°W, 81.8 ft.; marked: 1/4 S3 BT

BTs have blaze and a 6" stripe painted red, an "Attention" sign and a BT tag. New BTs have, additionally, an alum. "PLS 1832" washer nailed to the bottom of the blaze. There is a 6' steel fence post with an "Attention" sign within 5' of the corner.

Measured to center of BTs using steel tape and staff compass. Magnetic declination set at 20 1/2° E.

October 11, 1985
