

History of original corner establishment: Corner established in 1881 by Meldrum & Campbell under General Land Office Contract No. 380. Surveyor General records state: Set a basalt stone 18x7x6 & dug pits per ints., for 1/4 sec. cor.

Description of corner evidence found:

Found a scattered rock mound. A cat skid road was very near the corner and a limb or small log was probably drug across the stone mound. Georgia-Pacific cruiser tags were used to confirm the corner location.

The corner location is consistent with the original corner record. This location has been used for at least 30 years according to cruiser tags to locate the property lines accepted by the Forest Service and Georgia-Pacific (Louisiana-Pacific). *ELM*
