Description of corner evidence found:

Found stone mound 5' in diameter and 2' high. Two pieces, with texture similar to other stones used by York, had like faces on one side indicating they had probably been parts of the same stone. When placed together, the size was approximately that of the record stone. One piece had 2 chisel marks near a spalled off area.

Description of monument and accessories I established to perpetuate the original location of this corner:

Set a 2" I.D. galvanized iron pipe 30" long with 2 1/2" brass cap stamped:
Set pipe 10" into the ground and buried the original, along side.

Nailed an aluminum washer stamped RLS 852 between the letters B and T on each tree. Painted a 6" red band around the new bearing trees and attached Forest Service Land Survey Monument and Bearing Tree signs.
