

**CERTIFIED RECORD OF LAND CORNER MONUMENTATION**

History of original corner establishment:

B-22  
NW 1/16 of Section 1  
T. 9 S., R. 35 E.

1979, William L. Hanley, Registered Land Surveyor No. 1639, established the corner (Grant County M.O.S. 575) as follows:  
 Note: Corner falls in Granite Creek and I therefore set two reference monuments.  
 Set 2 1/2 inch brass caps on 2 inch iron pipes 31 ins long, 26 ins in the ground with a 6 ft steel fence post along side with signs 54-2 and 54-9 attached.  
 No bearing trees established.  
 South reference monument bears S 01° 50' 30" W, 19.73 ft  
 East reference monument bears S 89° 34' 05" E, 32.57 ft

1998, Douglas M. Ferguson, Registered Land Surveyor No. 848, while surveying a portion of the Grant County right-of-way of road number 46 (Grant County M.O.S. 1463), Found R.M. Monuments for this corner Grant County M.O.S. 575

Description of corner evidence found:

October 8, 2003  
 Found and tied Hanley's reference monuments using Grant County Road No. 46 right-of-way monuments at Stations 149+50 30.00 RT and 157+00 30.00 RT for control.  
 NOTE: I did this work based on a phone call from Ed Calame the contract representative for the stream restoration project taking place on Granite Creek. Ed informed me that the RM on the northerly side of the creek would be destroyed when the contractor moved the dredge tailings away from the creek.

Description of monument and accessories I established to perpetuate the original location of this corner:

October 30, 2003  
 Set, at the intersection of Hanley's record distances, a 2 1/2" by 30" aluminum pipe, with 3 1/4" aluminum cap, 23" in the ground surrounded by a ring of stones, with a White SURV-KAP magnetic reference set in the bottom of the hole, marked as shown, from which:

RM (NOW DESTROYED), was a 2 1/2" galvanized iron pipe with 2 1/2" brass cap projecting 9" out of the ground, bears N 89°33'12" E, 32.57 feet (Hanley's record S 89°34'05" E 32.57 Feet), stamped "RM T9S R35E NW1/16 S1 32.57' 1979 ORLS 1639" with arrow pointing toward the corner. NOTE: I tied to this reference monument prior to its destruction during stream side restoration.  
 RM, 2 1/2" galvanized iron pipe with 2 1/2" brass cap projecting 4" out of the ground, bears S 1°43'52" W, 19.73 feet (Hanley's record S 1°50'30" W 19.73 Feet), stamped "RM T9S R35E NW1/16 S1 19.75' 1979 ORLS 1639" with arrow pointing toward the corner.

New References:  
 RM, set 5/8" by 36" rebar with 2" aluminum cap flush with the ground, bears S 84°16'37" E, 28.16 feet stamped "RM NW1/16 28.16 FT RLS 2308 2003" with arrow pointing toward the corner. NOTE: Set 6 foot U Channel post 3.0 feet North of the RM with "National Forest Property Boundary" sign on north side of post and "Land Survey Monument" sign on south side of post facing the RM.  
 STATION 157+00 30.00RT, 5/8" rebar with 1 1/2" aluminum cap projecting 1" out of the ground, bears S 31°24'04" E, 545.00 feet, stamped "GCRW 157+00 30.00 RT".  
 STATION 153+00 40.00LT, 5/8" rebar with 1 1/2" aluminum cap projecting 5" out of the ground, bears S 24°17'44" E, 140.36 feet, stamped "GCRW 153+00 40.00 LT".  
 STATION 149+50 30.00RT, 5/8" rebar with 1 1/2" aluminum cap projecting 3" out of the ground, bears N 71°58'43" W, 247.00 feet, stamped "GCRW 149+50 30.00 RT".
