**NARRATIVE:** This survey was performed at the request of Mike Tracy. The purpose of this survey was to locate and monument the northeasterly line of the tract of land shown hereon. This line follows closely along a newly constructed fence line. Mr. Tracy intends to obtain the tract of land shown hereon from the Wallace Ranch. A search was made of the available records pertaining to this survey. Field measurements were made to locate the southwest corner of section 27 and to locate the appurtenant fence line shown hereon. New monuments were set at angle points in the fence line at locations approved by Mr. Tracy. I found no unusual conditions during this survey.
