NARRATIVE

This survey was performed at the request of Delores Wolf. The purpose of this survey was to locate the boundaries of the property described in Deed Instrument No. 962470.

After searching the available records pertaining to this survey, I found Record Map of Survey No.'s 535, 551 and 1341 which are appurtenant to this survey. I found the monuments of these surveys which mark the boundaries of Mrs. Wolf's property as shown hereon. I set the missing corners at record bearing and distance from the evidence found.

This survey was performed with a Topcon GTS-4 total station, with a closed loop random traverse.
