This Easement does not convey any rights to encroach on the Middle Fork John Day River or any National Forest System lands beyond the final location of the lane fences. In any location where the Right-of-Way line, as drawn, extends beyond the final location of the lane fences or the area defined as the normal high water line of the river, whichever is nearest to the highway centerline (location of the lane fences or the high water line) becomes the Right-of-Way line.
