- O Set 5/8"x30" iron pin with attached red plastic cap marked CORNERSTONE SURVEYING, INC.

X----X Fence Line

) Record bearing and distance.

NARRATIVE

This survey was performed at the request of David Holland. The purpose of this survey was to adjust the boundary lines of Mr. Holland's property as described in Deed Instrument No. 971980.

After searching the available records pertaining to this survey, I found the boundaries of this parcel were surveyed in 1982, see Survey No. 562. The centerline of NW Bridge Street was monumented in 1988, see Survey No. 1042. I found and accepted the appurtenant monuments of these two surveys. Mr. Holland and his neighbor have agreed to the new boundaries as shown hereon.
