- ( ) GLO record bearing and distance.
- 1( ) Survey No. 613 record bearing and distance.

## NARRATIVE

This survey was performed at the request of Gary Thomas. The purpose of this survey was to establish the S1/16 corner between sections 27 and 28.

A search was made of the available records pertaining to this survey. Field measurements were made to locate the BLM corners as shown. The S1/16 corner was set on line between the found BLM monuments and at the mid point. A certified corner restoration record sheet was filed separately, which gives a detailed description of the accessories taken at the S1/16 corner.
