- Set 5/8"x30" iron pin with attached red plastic cap marked CORNERSTONE SURVEYING, INC.
- () Record bearing and distance.

NARRATIVE

This survey was performed at the request of Darrel Holliday. The purpose of this survey was to establish the lines for the proposed boundary adjustment as shown.

A search was made of the available records pertaining to this survey. Field measurements were made to locate existing monuments, existing improvements, Canyon Creek and to establish the new property corners. I found and accepted the monuments from Survey No. 1708 as shown. The new monuments were established at the positions approved by Mr. Holliday.
