- Set 5/8"x30" iron pin with attached red plastic cap marked CORNERSTONE SURVEYING, INC.
- () Record bearing and distance.
- Found monument, see record map of survey number shown in box.

NARRATIVE

This survey was performed at the request of Dean Rogers. The purpose of this survey was to establish the lines and corners for a boundary adjustment between Parcel 1 and Parcel 2 of Land Partition No. 2003-8.

A search was made of the available records pertaining to this survey. I found and accepted five monuments from Survey No. 1160, on the easterly right of way line of County Road No. 76. I established the NW and SW corners of this survey on line between the found monuments as shown. The remaining monuments were established at the locations approved by Mr. Rogers.
