- ( ) Record bearing and distance.

**NARRATIVE**

This survey was performed at the request of Dennis Flippence, on behalf of Grant School District No. 3. The purpose of this survey was to establish the boundaries of a portion of the High School property as described in Book 100, Page 476, deeds of Grant County, Oregon.

A search was made of the available records pertaining to this survey. Field measurements were made to locate the existing monuments shown. I used the highway location shown on Survey No. 1782 to position the right of way lines.

I used the deed record calls to establish the property corners as shown hereon.
