### NARRATIVE

This survey was performed at the request of Latrona Smith. The purpose of this survey was to locate the property corners and establish two new corners as shown.

A search was made of the available records pertaining to this survey. The property is described in Instrument No. 050252, deeds of Grant County, Oregon. Field measurements were made to locate the monuments shown and to establish the two new monuments. The new boundary line is where Mrs. Smith asked me to establish it.
