- 1( ) Survey No. 1402 record bearing and distance.
- 2( ) Survey No. 1993 record bearing and distance.
- Found monument, see record map of survey number shown in box.

## NARRATIVE

This survey was performed at the request of Bob Blake. The purpose of this survey was to monument the south boundary of Mr. Blake's property described in Instrument No. 981106, deeds of Grant County, Oregon.

A search was made of the available records pertaining to this survey. Field measurements were made to locate the found monuments and to establish the new monuments shown hereon. I accept the found monuments shown. I used the deed bearings and distances from the previously established NE corner of Lot 7, Block C, to establish the south boundary. The SW lot corner was established accordingly and an offset monument was set to reference the SE corner at a safe location from the high waters of Canyon Creek and on the lot line.
