NARRATIVE

This survey was made at the request of Joe Lane to delineate a tract of land from his property.

This survey supersedes Survey No. 661. After Map of Survey No. 661 was filed Mr. Lane decided to have us locate the N1/4 cor. and the S1/4 of Sec. 8

A search was made of the available records pertaining to this survey.

Field measurements were made to locate existing monuments. New monuments were set in accordance with the evidence found as shown hereon.

See recorded "CORNER RESTORATION" sheets filed with this survey for an explanation of corner evidence found and monuments set at the N1/4 cor. and the S1/4 cor. of Section 8.

Tract contains 40.1 acres when calculated to within 30 feet of existing centerline of County Road. No deeded width for the County Road was found in the records.
