MAP OF SURVEY NO. 681		

NARRATIVE: This survey was performed at the request of Jerry Daae to delineate the tract of land shown hereon. A search was made of the available records pertaining to this survey. Field measurements were made to locate existing monuments. New monuments were set in accordance with the evidence found as shown hereon. This survey represents the title lines as described in Deed Vol. 125 Page 876. See references for list of deeds which had a bearing on this survey. The subdivision of section 31 was performed by me in 1981, see map of survey no. 681. This survey conforms to survey no. 681. The only unusual condition I found was the sizeable fence encroachment on the east side of the Daae property, as shown hereon.
