Deed Record Book 128 Page 77  
Record Map of Survey No. 136

**NARRATIVE:** This survey was performed at the request of Keith Lyons to delineate the lot shown hereon. A search was made of the available records pertaining to this survey. Field measurements were made to locate existing monuments. New monuments were set in accordance with the evidence found.  
We found all the monuments which were set in Survey No. 136. The westerly most monument was however bent over and had been disturbed. An additional 4 feet along the northeasterly line of this lot was to be granted to the buyer of this lot.  
A rotation of 0° 09' left is indicated from record bearings to true bearings to fit the original scheme of this portion of block 'G' as indicated by street lines and old fence lines. No record of monumentation found of lot corners.
