NARRATIVE: This survey was performed at the request of Dave Barntish to create a common boundary line by mutual consent with his adjoining neighbor, Bill Robertson. A search was made of the available records pertaining to this survey. Field measurements were made to locate existing monuments. New monuments were set in accordance with the evidence found as shown hereon. Section 5 was not subdivided during this survey and the boundary agreement line shown hereon is not construed to be on any section subdivisional line. I found no unusual conditions during this survey.
