Record Map of Survey No. 324

NARRATIVE: This survey was performed at the request of Eva Harris to establish the northwest corner and the southeast corner of the NE 1/4 SE 1/4 of section 28, T13S, R31E. The northeast corner and the southwest corner of said NE 1/4 SE 1/4 were set by me in 1973 in survey no. 324. We found these monuments during this survey. Section 28 was first subdivided during survey no. 324, the two new monuments which we set now conform to the subdivisional lines of section 28 as shown on map of survey no. 324.
I found no unusual conditions during this survey.
