RECORD MAP OF SURVEY NO. 703
DEED RECORD BOOK 103 PAGE 626-627

NARRATIVE: This survey was performed at the request of Joe Matuna to delineate the tract of land shown hereon. A search was made of the available records pertaining to this survey. Field measurements were made to locate existing monuments. New monuments were set at positions of Mr. Matuna's choosing.
Section 30 was not subdivided during this survey and therefore the off-set pin near the southeast corner of this tract is not intended to be on the east line of the W 1/2 NE 1/4 SW 1/4. The section subdivisional lines shown hereon are protracted and are approximations only.
I found no unusual conditions during this survey.
I find no recorded right-of-way width for the State Highway in the area of the access easement shown.
