NARRATIVE: This survey was performed at the request of Marshall Gilmore, Attorney, acting in behalf of the Grant County Court and the Road Department. The purpose of this survey was to relocate a portion of County Road No. 50 so as to create a more suitable alignment as shown hereon.
A search was made of the available records pertaining to this survey. Field measurements were made to locate existing monuments. New monuments were set 25 feet on each side of the relocated centerline as shown. The old location of this portion of County Road No. 50 was changed by the Grant County Court as per Resolution No. 86-27, Commissioners Journal, Book V, Page 496.
I found no unusual conditions with this survey.
