NARRATIVE: This survey was performed at the request of Del Woodcock. The purpose of this survey was to create three parcels within Mr. Woodcocks property and to locate an existing roadway. A search was made of the available records pertaining to this survey. Field measurements were made to locate existing monuments. New monuments were set in accordance with evidence found and at locations approved by Mr. Woodcock. Mr. Woodcock proposes to amend the location of Road Easement 'D' where said easement crosses his property. He proposes that said easement be along the existing road as shown hereon. I found no unusual conditions during this survey.

Mr. Woodcock decided to grant the northerly 20 feet of the east 407 feet of the middle tract to Maurice Mitchell, the adjoining neighor to the north.
