NARRATIVE: This survey was performed at the request of Hugh Laurance. The purpose of the survey was to mark Mr. Laurance's east line and to set the southeast corner of his property. A search was made of the available records pertaining to this survey. I set the new monument as shown at single proportionate measure between the found monuments at the NE corner of section 14 and the E1/4 of section 14. I found no unusual conditions during this survey.
