## SURVEYOR'S CERTIFICATE

STATE OF OREGON SS  
COUNTY OF GRANT

I, Robert D. Baggett, Professional Land Surveyor, registered in the State of Oregon, hereby certify that I have correctly surveyed and marked with proper monuments, the land represented as shown on this partition plat, said partition being situated in the NE1/4NW1/4 of Section 26, Twp. 13S., R.31E., W.M., and being a portion of Lot 10, Block E of the City of John Day, Grant County, Oregon, described as follows:

Beginning at a 5/8"x30" iron pin, which I designate to be the Initial Point for this Land Partition, said point being 391.40 feet South and 822.10 feet West of North 1/4 corner of said Section 26, thence S.05°43'33"E., 77.29 feet; thence S.08°11'04"W., 72.00 feet to a point on the north line of Main Street; thence N.79°32'28"W., along the north line of said W. Main Street, 59.26 feet to the east line of NW Bridge Street; thence N.01°43'55"W., along the east line of said NW Bridge Street, 141.34 feet; thence S.86°35'56"E., 65.20 feet to the point of beginning.

Said tract containing 0.22 acres, more or less.

## NARRATIVE:

This survey was performed at the request of Lorene Allen, acting in behalf of the John Day Historical Preservation Foundation, Inc. and at the request of Carlene Johnston, acting in behalf of the Grant County Chamber of Commerce. The purpose of this survey was to delineate PARCELS 1 and 2 of this Land Partition as shown hereon.

A search was made of the available records pertaining to this survey. Field measurements were made to locate existing monuments. New monuments were set on the exterior boundary in accordance with the evidence found. New monuments were set at corners of the division line between PARCELS 1 and 2 at locations approved by Mrs. Allen and Mrs. Johnston.

During this survey, we retraced the appurtenant portion of the original City of John Day as shown of the plat thereof, recorded in the Office of the Grant County Clerk in Book 1 of Town Plats, Page 14. We also retraced the appurtenant portion of Survey No. 1008 which established the right of way lines of NW Bridge Street and NW Main Street. We ran a closed loop control traverse and tied the controlling monumented corners as shown hereon. All the appurtenant monuments of Survey No. 431 and 1008 were found in good condition.

The subject property is a portion of Lot 10, Block E, John Day. The subject property is also described by a metes and bounds description. It turns out that the deed description, with a counterclockwise bearing rotation, pretty well fits the ground and the improvements, except for the street side lines of Main Street and NW Bridge Street. I hold the East line of NW Bridge Street as determined in Record Survey No. 1008, which I performed for the City of John Day in 1987. I hold the 1/2 inch iron rod found at the SE corner of Lot 8 and run plat and deed record distance along the north line of West Main Street to the SE corner of said Lot 10. Then continuing in a straight line along the north line of W. Main Street intersecting the east line of NW Bridge Street at the SW corner of Parcel 2.

The position of the NW corner of said Lot 10 is established along the east side line of North Bridge Street at John Day Town Plat record distance of 222.00 feet from the SW corner of lot 10. The NE corner of Lot 10 is established at plat record distance of 59.00 feet from the NW corner of Lot 10. These positions agree with the plat record and with the monuments found in Survey No. 431, as shown hereon.

The angle point on the east boundary of PARCEL 2, as shown, is established at record deed distance 72.00 feet, with the 0°15'56" counterclockwise bearing rotation applied to the deed record bearing, from the southeast corner of lot 10. The remainder of the east boundary of Lot 10 is a straight line to the NE corner thereof as described above. The NE corner of PARCEL 1 is at the intersection of the east line of said Lot 10 with the deed record bearing rotated 0°15'56" counterclockwise from the deed position at the NW corner of PARCEL 1.

I do hereby certify that this photocopy is a true and exact copy of Land Partition Plat No. 94-1, as filed with this office.
