**NARRATIVE**

This survey was performed at the request of Steve Holmes. The purpose of this survey was to delineate the boundary line between PARCELS 1 and 2 of this Land Partition as shown hereon.

I did not survey the exterior boundary lines of this partition, as it was not required to do so in this land partition process.

A search was made of the available records pertaining to this survey. Field measurements were made to locate the northeast corner of Section 7, which I remonumented from original evidence in 1971. We also located a portion of the Kimberly-Monument Highway, as shown. New monuments were set at locations approved by Mr. Holmes, as shown hereon.

**NOTES:**

- 1) The section and section subdivisional lines shown are protracted for general information only.
- 2) All dimensions along the exterior boundary are based on GLO record or the deed record.
- 3) The location of the highway is approximate.
- 4) We are unable to plot easements listed in the declaration due to insufficient data in the recorded descriptions.
- 5) I find no record or existence of an appurtenant geodetic control monument within 1/2 mile of this land partition.
- 6) Water Rights Certificate No.'s C-27641, P-38601, P-47568 are appurtenant to this Land Partition.
