

**CERTIFIED RECORD OF LAND CORNER MONUMENTATION**

History of original corner establishment:

Corner was established by Rufus S. Moore, US Deputy Surveyor, during the original survey Contract No. 382 dated March, 1881.  
Set a basalt stone 18x10x10 and dug pits for cor. to secs. 4, 5, 8, 9

1989  
PLS 699

Description of corner evidence found:

After the control survey determined the approximate corner position, found a stone 19x12x10 set firmly in the ground. It was the only stone of appropriate size even though no markings could be found.

Description of monument and accessories I established to perpetuate the original location of this corner:

Set a 2"x30" aluminum pipe with a 2 1/2" aluminum cap, marked as shown in the diagram, 24" in the ground, replacing the rock which is turned upside down and buried on the north side of the monument. Built a mound of rock to be 36" in diameter by 6" high around the monument, from which new BTs are:

- 8" double-stemmed Juniper bears S27°15'E, 43.0 feet scribed T10SR31E S9 BT
- 11" Juniper bears S23°15'W, 62.5 feet scribed T10SR31E S8 BT
- 17" Juniper bears N50°45'W, 64.5 feet scribed T10SR31E S5 BT
- 4" Juniper bears N83°E, 65.2 feet scribed T10SR31E S4 BT

Attached BT and Attention signs to and painted a red band around each BT. Bearings were turned from the control traverse with a theodolite, basis of bearing being the bearing between corners G-13 and N-13 as shown on Grant County Map of Survey No. 634, to stamped brass washers nailed in the scribed red-painted blazes. Distances were measured from a 60d spike, with an aluminum washer stamped PLS 699, which was driven into the side of each BT approximately one foot above the ground.

Set steel fence posts 5 feet E and 5 feet S of the corner on the National Forest boundary lines. Attached Forest Boundary signs to each post and an Attention sign to the E post.

I, Leland L. Myers, P.O. Box 98, Sumpter, OR 97877, do hereby certify that on August 7, 1989, I monumented the corner as herein described.
