

CERTIFIED RECORD OF LAND CORNER MONUMENTATION

History of original corner establishment:

In 1969, Duanne I. Griffith, PLS 644, set a 5/8" x 30" iron pin as the northeast corner of a parcel of land located in T.10S., R.32E, Section 11. See Grant County Map of Survey No. 157.

Description of Corner Evidence Found:

Found a 5/8" rebar, with no cap, as set by Duanne I. Griffith, PLS 644.

As noted on PLS 644's map of survey, he placed his monument on the approx. section line. I found his monument to be off of the section line. I monumented the position of the northeast lot corner on the section line, utilizing a bearing/bearing intersection based on the recovered monuments. PLS 644's rebar bears N60°38'51"E, 11.10 feet from my monumented position.

Description of monument and accessories I established to perpetuate the original location of this corner:

Set 2-1/2"x30" aluminum pipe with 3-1/4" aluminum cap, stamped as shown on the DIAGRAM, 12" in the ground. Raised a mound of stone 2'high x 3'dia. around the monument.

As references set a 5/8" x 30" rebars with yellow plastic cap marked PLS 2405, 28" in the ground, which bear as follows:

N64°15'E, 27.3 ft.
N87°15'E, 28.6 ft.

Measurements to rebars taken with a magnetic compass, declination 20° East, and a nylon clad steel tape. Set steel fence post with Land Survey Monument (54-9) and Property Boundary (54-2) signs 5' westerly and southerly of the monument on boundary lines.
