Description of corner evidence found:

No evidence is found. The corner falls on a steep
South slope and the stone and mound of stone have
apparently erroded out and rolled downslope. There
are many stones of call size in the area.
There are no accessories originally established.
Since the original stone or its original position
cannot be identified the corner position is established
at proportionate measure between corners found 1/2 mi.
East and West.

**Description of monument and accessories I established to perpetuate the
original location of this corner:**
