

# CERTIFIED RECORD OF LAND CORNER MONUMENTATION

**History of original corner establishment:**

Set by Herman D. Gradon in 1881 under his contract no. 416 dated August 19, 1881. Set a basalt stone 14x12x6 ins., 9 ins. in the ground, marked  $\frac{1}{4}$  on N. face; from which A pine 30 ins. diam. bears N.10°E. 85 lks. dist. marked  $\frac{1}{4}$  S BT; A pine 30 ins. diam. bears S.20°E. 143 lks. dist. marked  $\frac{1}{4}$  S BT.

Henry J. Van Winkle in his survey in 1917 reports "A stone 14x12x8 ins. mkd  $\frac{1}{4}$  on N face; from which Pine 26 ins. dia. bears S.20°E. 143 lks. dist. mkd.  $\frac{1}{4}$  S BT; Pine 28 ins. dia. bears N.10°E. 85 lks. dist. mkd  $\frac{1}{4}$  S BT; By original field notes the cor. and BT's are the same."

Geo. W. Root in his survey of HES 252 in 1922 reports " A basalt stone 12x6x5 ins. above ground, firmly set, marked and witnessed as described by the Surveyor General."

**Description of corner evidence found:**

A 14x12x8 inch stone with no evident markings and a barkless 36 inch Pine with some scribing still visible 56 feet N.10°E. and a downed 30" Pine, with visible scribing, the stump hole of which bears S.20°E., 94 feet. I have no reason not to accept the stone and/or its accessories as being the originals.

**Description of monument and accessories I established to perpetuate the original location of this corner:**

In place of the stone I set a standard 3 $\frac{1}{4}$ " diameter aluminum cap, with magnet attached to underside, mounted on a 2" diameter by 30" long aluminum pipe. I surrounded the monument with a mound of stone and stamped the cap as shown.

I place the stone alongside the monument as a part of the base of the stone mound. I took a 10" Juniper which bears S.25°W., 36.5 feet and scribed it 1/4S7BT, and also took an 11" Juniper which bears N.40°W., 21.2 feet and scribed it 1/4S6BT as new bearing trees.
