Description of Corner Evidence Found:

Conducted an extensive search for the original stone and mound of stone. Not a single stone of any size was found in a 50' radius of the search area. Some stones were found in the draw bottom approx. 100 ft. east of the search area however none are marked or look like man made mounds. Corner is lost to erosion and time.

Description of monument and accessories I established to perpetuate the original location of this corner:

Set 2-1/2"x30" aluminum pipe with 3-1/4" aluminum cap, stamped as shown on the DIAGRAM, 27" in the ground.

Measurements to BT's taken with an Electronic Tacheometer with bearings based on the survey control network.
