

CERTIFIED RECORD OF LAND CORNER MONUMENTATION

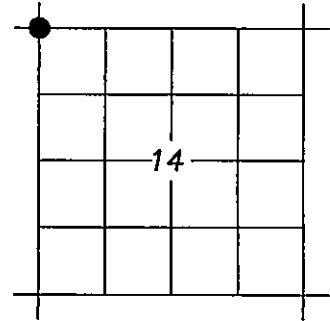

CORNER: NW Cor. Sec. 14, Twp. 14S., R.30E., W.M.

ORIGINAL SURVEY BY: S.W. Lackland

CONTRACT NUMBER: 357

CONTRACT DATE: July 2, 1880

Subsequent survey by Robert Bagett, PLS in 1990
(See Record Map of Survey NO. 1154)

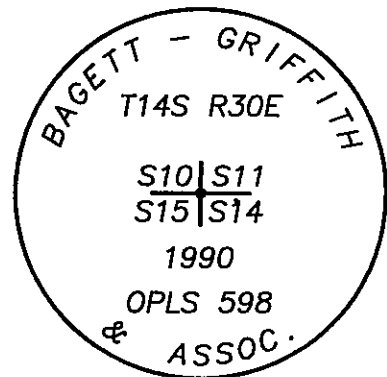

ORIGINAL G.L.O. DESCRIPTION: Set stone 20x12x8 in mound of stone for cor. to secs. 10, 11, 14 & 15.

Bagett's 1990 description: "After a diligent search I found no evidence of the original corner, I declare this corner lost and establish it's position at double proportionate measure.... At the corner point: I Set a 2½"x30" aluminum pipe, 18" in the ground with attached alum. cap... from which I SCRIBE NEW BEARING TREES: A Juniper 6" diam., bears N.29°E., 44.2 ft. marked X BT, Also I SET NEW REFERENCE POINTS: A 5/8"x30" iron pin, flush with ground bears S51°E, 21.8 ft. with attached alum. cap, marked BAGETT GRIFFITH AND ASSOCIATES RP1, A 5/8"x30" iron pin, flush with ground bears S30°W, 70.4 ft. with attached alum. cap, marked BAGETT GRIFFITH AND ASSOCIATES RP2, A 5/8"x30" iron pin, flush with ground bears N49°W, 22.4 ft. with attached alum. cap, marked BAGETT GRIFFITH AND ASSOCIATES RP3,

EVIDENCE FOUND: Found Bagett's 1990 corner monument and RP's in their record positions. The top of the cap was up about 10" above ground and had been shot several times with some sort of firearms. The BT, being in good health with a partially healed blaze and visible scribing, is now 12½" in diam. No tag on BT.

DESCRIPTION OF MONUMENT AND ACCESSORIES SET:

At the corner point, we rebuilt the mound of stone to a point higher than the cap. This was done to help make the corner be a less desirable target in the future. Attached a new Grant County Surveyor BT tag with original information to the 1990 BT.
