

CORNER RESTORATION

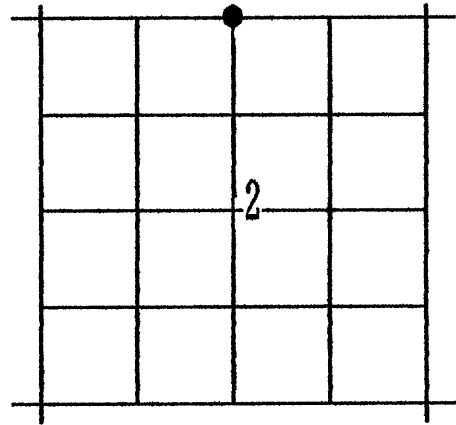

CORNER: N1/4 Sec 2 TWP 14S. RANGE 31E.

ORIGINAL SURVEY BY: Bamford Robb

CONTRACT NUMBER: 357

CONTRACT DATE: July 2, 1880

Subsequently resurveyed by Robert D. Bagett, County Surveyor, Sept 15, 1978
See Corner restoration records.

ORIGINAL DESCRIPTION: This corner was not set in the original G.L.O. Survey I find no record of this corner being established.

I established this corner in 1978. My record states:
No evidence. I establish this corner on the township line at midpoint between the Northeast and Northwest corners of the section. This corner is 3 feet North of an East-West fence line and 33 feet West of a fence corner of fences running East, West, and South.

At the corner point: I set a 1½"x30" galvanized iron pipe 30 inches in the ground with brass cap marked as shown. I surrounded the pipe with a mound of stone, 3 feet in diameter and extending 6 inches above the brass cap.
