

CERTIFIED RECORD OF LAND CORNER MONUMENTATION

History of original corner establishment:

Corner was established by Bamford Robb, US Deputy Surveyor, during the original survey Joint Contract No. 357 dated July, 1880.

Intersect Standard 18.14 chs West of Standard Cor to Township 15S. Ranges 30 & 31E. at which point I set Post for closing cor to Township 16S. Ranges 30 & 31E - with Pits and mound as per instruction.

Description of corner evidence found:

The corner falls near and E-W fence about 15' East of the bank of the Silvies River. There are hay fields all around. No evidence of the original corner was found.

Description of monument and accessories I established to perpetuate the original location of this corner:

Set a 2"x30" aluminum pipe with a 3/4" aluminum cap, marked as shown in the diagram, 30" in the ground so the cap is flush with the ground surface, at single proportionate measurements from adjacent found corners. No mound was made so as not to interfere with haying operations.

No new bearing trees set because no trees are available.

Because the corner is very near the river bank and subject to erosion the Reference Monuments were set by survey and tied to the SE corner of T15S, R30E.

1"x30" galv. pipe with 2 1/2" alum. cap Reference Monument in the fence line bears N83° 02' 55"E, 23.4 feet marked RM ← 23.4' 1986 PLS 699 and which bears N48° 05' 10"E, 600.78 feet from the other Reference Monument.

1"x30" galv. pipe with 2 1/2" alum. cap Reference Monument on a sagebrush point near a three-way fence corner bears S46° 45' 50"W, 581.74 feet marked RM 581.7 1986 PLS 699 and which bears S76° 11' 50"W, 1673.93 feet from the SE corner of T15S, R30E.

All points are clearly visible to each other.

Set a steel fence post 3 feet N of the corner with an Attention sign attached. The monument is not a National Forest property corner.

I, Leland L. Myers, P.O. Box 98, Sumpter, OR 97877, do hereby certify that on May 29, 1986, I re-established the corner as herein described.
