Description of corner evidence found:

Found 13"x8"x6" stone with 5 grooves on the South
and East faces and an "X" on the top when the stone
is set upright. Stone is in fence jack in a mound of
stone, 2 ft. south from East-West fence line.

There are no accessories originally established.
The stone mound described above does not look like
a part of the fence. The position of the Stone fits
record measurement reasonably well, therefore is
accepted as the original section corner.

**Description of monument and accessories | established to perpetuate the
original location of this corner:**

Set 2-1/2"x30" aluminum pipe with 3-1/2" aluminum cap, stamped as shown
on the **DIAGRAM**, SET 26" in the ground & set the original stone Southeast
alongside the pipe.
