

CERTIFIED RECORD OF LAND CORNER MONUMENTATION

History of original corner establishment:

Corner was established by Bamford Robb, US
Deputy Surveyor, during the original survey Joint
Contract No. 357 dated July, 1880.

Set Stone 16x12x10 in mound of stone for 1/4 Sec.

Cor. from, which

A pine 30 ins diam bears S5°E, (49.2') 75 lks dist

Description of corner evidence found:

16x12x10 stone in flattened rock mound. Could not find any markings on the rock. Could not find any rocks at the record bearing and distance from the bearing tree.

41" Ponderosa pine (Good Condition) (Scribing Visible) (1880 BT) bears S5°W, 64.0 feet. It appears that 75 lks. should be 95 and S5°E should be S5°W.

Description of monument and accessories I established to perpetuate the original location of this corner:

Set a 2"x30" aluminum pipe with a 3 1/4" aluminum cap, marked as shown in the diagram, 24" in the ground, replacing the rock which is turned upside down and buried on the north side of the monument. Built a mound of rock to be 30" in diameter by 6" high around the monument, from which a new BT is:

3" Juniper bears S49°W, 87.3 feet scribed 1/4 S2 BT

No trees available in S35, therefore, the second BT in S2.

Attached BT and Attention signs to and painted a red band around each BT. Bearings were taken with a staff compass, using a declination of 18° 30' E, to stamped aluminum washers nailed in the scribed red-painted blazes. Distances were measured from a 60d spike, with an aluminum washer stamped PLS 699, which was driven into the side of each BT approximately one foot above the ground.

Set steel fence posts 5 feet N and 5 feet S of the corner on the National Forest property lines. Attached Forest Boundary signs to each post and an Attention sign to the N post.

I, Leland L. Myers, P.O. Box 98, Sumpter, OR 97877,
do hereby certify that on March 5, 1986, I monumented
the corner as herein described.
