

CERTIFIED RECORD OF LAND CORNER MONUMENTATION

History of original corner establishment:

Corner was established by S. W. Lackland, US Deputy Surveyor, during the original survey Contract No. 384 dated March, 1881.

Set Stone 14x10x8 for 1/4 Sec corner in mound of stone on Summit of Ridge which bears NE & SW

DIAGRAM

1986
PLS 699

Description of corner evidence found:

Found a stone of the proper size alongside what appeared to be the remains of a rock mound. No markings could be found on the rock. Accepted the rock as the corner after the survey found it to be in the proper location. The corner falls at the top of the ridge as described.

No bearing trees were previously established.

Description of monument and accessories I established to perpetuate the original location of this corner:

Set a 2"x30" aluminum pipe with a 3 1/4" aluminum cap, marked as shown in the diagram, 24" in the ground to bedrock, replacing the rock which is turned upside down and buried on the north side of the monument. Built a mound of rock & earth to be 30" in diameter by 6" high around the monument, from which new BTs are:

11" Ponderosa pine bears S14°W, 31.2 feet scribed 1/4 S1 BT

13" Ponderosa pine bears N87°E, 19.6 feet scribed 1/4 S6 BT

Attached BT and Attention signs to and painted a red band around each BT. Bearings were taken with a staff compass, using a declination of 18° 30'E, to stamped brass washers nailed in the scribed red-painted blazes. Distances were measured from a 60d spike, with an aluminum washer stamped PLS 699, which was driven into the side of each BT approximately one foot above the ground.

Set steel fence posts 5 feet S and 8 feet N of the corner on the National Forest property lines. Attached Forest Boundary signs to each post and an Attention sign to the S post.

I, Leland L. Myers, P.O. Box 98, Sumpter, OR 97877, do hereby certify that on April 9, 1986, I monumented the corner as herein described.
