

CERTIFIED RECORD OF LAND CORNER MONUMENTATION

History of original corner establishment:

The subdivisional lines of T.18S., R.26E., W.M., Grant County, Oregon were originally surveyed by Alonzo Gezner under Contract No. 206, dated July 10, 1874.

Page 254 of the government field notes for T.18S., R.26E., describe the $\frac{1}{4}$ corner as follows:

N.89°55'W., on a true line (bet. secs. 25 and 36)

39.93 Set stone 12x10x6 for $\frac{1}{4}$ sec. cor.

No record of subsequent remonumentation found in county records.

Description of corner evidence found:

No evidence of the original $\frac{1}{4}$ corner was found. I think the $\frac{1}{4}$ corner was probably destroyed in logging and fencing operations. After a dilligent search of the area and as a last resort, I set the monument described below at single proportionate measurement between the found corners of the sections at the NW corner and the NE corner.

Description of monument and accessories I established to perpetuate the original location of this corner:

At the position determined, as described above, I set a 2 $\frac{1}{2}$ "x30" aluminum pipe 24 inches in the ground with aluminum cap marked as shown.

from which I scribe NEW BEARING TREES:

A fir, 9 inches diam., bears S.43°E., 14.7 ft., scribed T18SR26E $\frac{1}{4}$ S36 BT.
A fir, 14 inches diam., bears N. 8°W., 38.6 ft., scribed T18SR26E $\frac{1}{4}$ S25 BT.

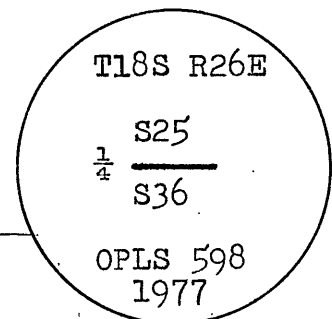

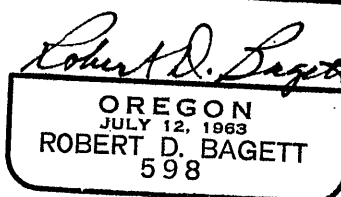

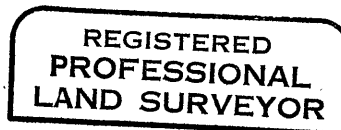

Nailed brass washer, marked " OPLS 598" to BT blazes.
Surrounded aluminum pipe with mound of stone.
Set a steel fence post 3 ft. West of corner and attached signs 54-2& 4.
Painted 6" red band around BTs and attached BT tags.

Used steel tape and magnetic compass with 20° East variation. Measured to the center of the BTs.

See Map of Survey No. 452.

This corner set June 9, 1977.

Witness: Walt Gentis

Office of.....County Surveyor..... County of.....Grant.....

State of.....Oregon..... I hereby certify that the within instrument was filed in this office
for record on the 24th day of June, 1977
