

CERTIFIED RECORD OF LAND CORNER MONUMENTATION

History of original corner establishment:

Corner established by George H. Thurston, Deputy Surveyor, under GLO Contract No. 191, dated June 23, 1873.

Surveyor Generals Records state:

Set granite stone 24x16x10 ins., 8 ins. in the ground.
Deposited marked stone for cor. to secs. 25, 36, 30 and 31.

No record of subsequent remonumentation found in county records.

Description of corner evidence found:

The original corner was not found. I think the corner has probably been destroyed in logging or road building operations. The small creeks in the immediate area have changed or have been altered so that I could not establish the corner from record topography calls to these creeks.

As a last resort I established the corner at single proportionate measure on the Range line half way between the found East $\frac{1}{4}$ corner of sec. 25 and the found East $\frac{1}{4}$ corner of sec. 36.

Description of monument and accessories I established to perpetuate the original location of this corner

Set a 2 $\frac{1}{4}$ "x30" iron pipe 25" in the ground, with brass cap marked as shown, and raised a mound of stone to top of pipe.
from which NEW BEARING TREES:

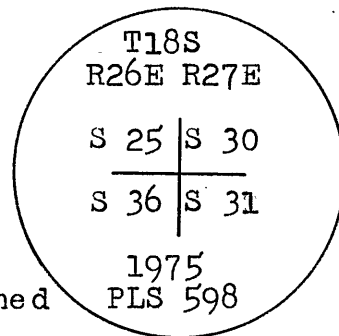

- A fir, 10 ins. diam., bears N62°E., 9.6 ft., marked
T18S R27E S30 BT.
- A fir, 12 ins. diam., bears S.39°E., 4.0 ft., marked
T18S R27E S31 BT.
- A fir, 20 ins. diam., bears S.25°W., 14.9 ft., marked
T18S R26E S36 BT.
- A fir, 9 ins. diam., bears N.43°W., 44.0 ft., marked
T18S R26E S25 BT.

I Nailed a brass washer, marked "OPLS 598", to BT blazes.

Set a steel fence post 5 ft. South of iron pipe and attached USFS signs to it.

Used a steel tape and magnetic compass with 20° East variation.
Measured to the center of the BTs.

See Map of Survey No. 380. This cor. set August 25, 1975.
