

CERTIFIED RECORD OF LAND CORNER MONUMENTATION

R-5

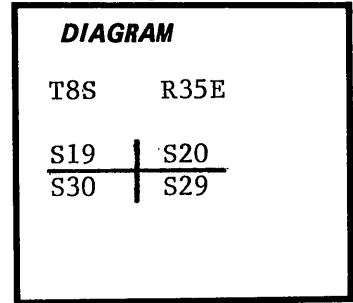

History of original corner establishment:

This corner was originally established on August 27, 1884, by Herman D. Gradon under contract No. 499, as follows:

set a flint stone 12" x 7" x 7", 8" into the ground for corner marked with 2 notches on the South, and 5 notches on the East edges from which,

A 12" pine bears N20°E, 138 links (91.08 ft.) marked "T8S R35E S20 BT"

A 12" pine bears S80°E, 217 links (143.22 ft.) marked "T8S R35E S29 BT".
No other trees within limits. Raised a MOS alongside.

Description of corner evidence found:

The corner point has been covered with about 8 ft. of soil. The original NE Bearing Tree is now a 32" ponderosa pine with scribes visible on the upper blaze. The lower blaze has healed over. Bears N20°E, 91.1 ft.

The original Bearing Tree to the SE was destroyed during the dredging operations.

Description of monument and accessories established to perpetuate the original location of this corner:

As this corner point and the one remaining original Bearing Tree will be destroyed by pending mining operations, I take the following actions to perpetuate the corner position. At the corner point as determined from the remaining original Bearing Tree, I set a 5/8" x 36" Iron rod, with a 1 1/2" Aluminum cap attached, 34" into the ground. The cap is marked:

From Which:

A 41" forked ponderosa pine bears N21°30'E, 293.8 feet, marked "T8S R35E S20 BT" on a single blaze.

A 10" western larch bears N31°W, 215.8 feet, marked "T8S R35E S19 BT" on a single blaze.

A 22" western larch bears S53°W, 321.9 feet, marked "T8S R35E S30 BT" on a single blaze.

A 9" western larch bears S10°E, 233.0 feet, marked "T8S R35E S29 BT" on a single blaze. The SE and SW BT's are south of and across Granite Creek from the Corner Point.

All five Bearing Trees have signs 54-3, "Bearing Tree", and 54-4, "Warning Sign" attached.

I hereby certify the above corner position was perpetuated as hereon described on July 25, 1985.

De: 19°E
