1989
PLS 699

Description of corner evidence found:
Corner is being set by this survey.

Description of monument and accessories I established to perpetuate the original location of this corner:

Set a 2"x30" aluminum pipe with a 2 1/2" aluminum cap, marked as shown in the diagram, 24" in the ground to rock, at a point as determined by the procedures set forth in the MANUAL OF INSTRUCTIONS FOR THE SURVEY OF PUBLIC LANDS for the subdivision of sections. Built a mound of rock & earth to be 30" in diameter by 6" high around the monument, from which new BTs are:

6" White fir bears S34°15'E, 27.9 feet scribed C1/4 S22 BT

7" White fir bears S73°15'W, 28.8 feet scribed C1/4 S22 BT

A Silver DEEP buried 6" in the ground bears N73°15'E, 2.0' with a brass washer inside stamped PLS 699

An Orange DEEP buried 6" in the ground bears N34°15'W, 3.0' with a brass washer inside stamped PLS 699

Attached BT and Land Survey Monument signs to and painted a red band around each BT. Bearings were turned from the control traverse with a theodolite, basis of bearing being the bearing between corners G-13 and N-13 as shown on Grant County Map of Survey No. 634, to stamped brass washers nailed in the scribed red-painted blazes. Distances were measured from a 60d spike, with an aluminum washer stamped PLS 699, which was driven into the side of each BT approximately one foot above the ground. Set a steel fence post 5 feet N of the corner with a Land Survey Monument sign attached. The monument is not a National Forest property corner.

I, Leland L. Myers, P.O. Box 98, Sumpter, OR 97877, do hereby certify that on November 22, 1989, I established the corner as herein described.
