

CERTIFIED RECORD OF LAND CORNER MONUMENTATION

History of original corner establishment:

Corner was established by Rufus S. Moore, US Deputy Surveyor, during the original survey Contract No. 382 dated March, 1881.

Set a basalt stone 18x8x4 and mound of stone for 1/4 sec. cor.

PLS 699

Description of corner evidence found:

The corner location is on a very rocky slope. Could not find an apparent mound and found many rocks of near record size. But due to the lack of markings no corner stone was found.

Description of monument and accessories I established to perpetuate the original location of this corner:

Set a 2"x30" aluminum pipe with a 2 1/2" aluminum cap, marked as shown in the diagram, 18" in the ground to solid rock, at single proportionate measurements from adjacent found corners. Built a mound of rock to be 36" in diameter by 12" high around the monument, from which new BTs are:

8" Juniper bears N63°30'W, 163.2 feet scribed 1/4 S32 BT

24" Multiple stem Juniper bears N31°E, 79.7 feet scribed 1/4 S33 BT

A Blue DEEP buried 2" in solid rock bears S31°W, 3.0' with a brass washer inside stamped PLS 699

A Pink DEEP buried 2" in solid rock bears S63°30'E, 3.0' with a brass washer inside stamped PLS 699

Attached BT and Attention signs to and painted a red band around each BT. Bearings were turned from the control traverse with a theodolite, basis of bearing being the bearing between corners G-13 and N-13 as shown on Grant County Map of Survey No. 634, to stamped brass washers nailed in the scribed red-painted blazes. Distances were measured from a 60d spike, with an aluminum washer stamped PLS 699, which was driven into the side of each BT approximately one foot above the ground.

Set a steel fence post 5 feet S of the corner with an Attention sign attached. The monument is not a National Forest property corner.

I, Leland L. Myers, P.O. Box 98, Sumpter, OR 97877, do hereby certify that on October 13, 1989, I re-established the corner as herein described.
