PLS 699

Description of corner evidence found:

The corner location falls in an area of mining activity and no evidence of the corner or BTs could be found.

36" pine and 24" pine (1881 BTs) not found.

Description of monument and accessories I established to perpetuate the original location of this corner:

Set a 2"x30" aluminum pipe with a 3/4" aluminum cap, marked as shown in the diagram, 28" in the ground, at single proportionate measurements from adjacent found corners. Built a mound of earth & rock to be 26" in diameter by 2" high around the monument, from which new BTs are:

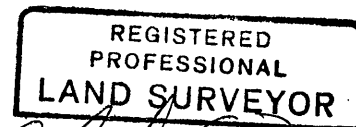

6" Ponderosa pine bears S71° 45'W, 12.2 feet scribed 1/4 S36 BT

6" Ponderosa pine bears N14° 45'E, 38.1 feet scribed 1/4 S31 BT

Attached BT and Attention signs to and painted a red band around each BT. Bearings were turned from the control traverse with a theodolite, basis of bearing being a solar observation, to stamped brass washers nailed in the scribed red-painted blazes. Distances were measured from a 60d spike, with an aluminum washer stamped PLS 699, which was driven into the side of each BT approximately one foot above the ground.

Set a steel fence post 5 feet N of the corner with an Attention sign attached. The monument is not a National Forest property corner.

I, Leland L. Myers, P.O. Box 98, Sumpter, OR 97877, do hereby certify that on October 14, 1986, I re-established the corner as herein described.
