**NARRATIVE:** This survey was performed at the request of Carl Sheedy. The purpose of this survey was to delineate from Mr. Sheedy's property the land shown hereon. A search was made of the available records pertaining to this survey. Field measurements were made to locate existing monuments. New monuments were set at the NE and SE corners and at the east angle point at locations designated by Mr. Sheedy as shown hereon. I found no unusual conditions with this survey.
